"I have been thinking about my time at Wellspring, and I'm reaching out to give you an update on my life! I'm studying psychology and neuroscience at a university in England, and I'm inspired to follow a path in research in this field.

Not to get sappy, but everyone at Wellspring really helped me know how amazing life can be. I'm sending you pictures so you can see why I try to get outside for at least 3 hours each day. I find such comfort and calm when I'm surrounded by nature. It reminds me of my time at Wellspring."
